### **Advantages of a Thunder Mountain Wall Tent**

1. 10.10 oz. Army Duck treated or untreated, or 12.98 oz. Army Duck.
2. Large reinforcements sewn into all stress areas.
3. Lock Stitch Sewn (no seam to come unraveled).
4. Heavy duty #4 spur grommets in eaves and each end of ridge.
5. Heavy duty webbing for loops.
6. Rope sewn into eaves (puts stress on rope and not material).
7. 6" overlapping doors.
8. Oiled manila rope for guy lines, and in eaves (won't soak up moisture and swell).

Prices are subject to change

# Tent Accessories

## Water Proofing

It is not always necessary to water proof cotton canvas because a good quality canvas will repel water naturally. However, if desired, we do carry Rapid Seal.

**Rapid Seal \$ 9.95/ 8 oz    \$ 18.00/ qt.    \$69.95/gal. .**

A latex base compound that acts as a water repellent and also fire retardant when applied. 175-200 square feet per quart when mixed with water. It has a white colored appearance when dry. When used full strength it can be applied as a patching compound also.

## Tent Stoves

Fillmore Stove 14x10x24 - - - - - \$235.00  
39lbs. **unit includes: legs, pipe , 1 shelf**

### Stove Options

Extra Shelf - - - - -	\$ 35.00
Extra 4" Stove Pipe (2 foot Length) - - -	\$ 7.50
4" Stove pipe damper - - - - -	\$ 8.50
4" Chimney cap w/spark arrester - - -	\$ 15.95
5" elbow - - - - -	\$ 15.95
4" elbow - - - - -	\$ 14.95

# Wall Tent Frames

The new adjustable Triple "B" Frame and angles will let you use the angles on any wall tent you buy. Just set tent angles to your tent, tighten bolts, and you will never have to adjust again. We offer the Full Frame or, just the angles, in a Single, Dual, or Tri set. 1" EMT conduit can complete the frame which may be purchased at an electrical supply store. A 3" deduction for each angle is needed when measuring and cutting conduit for frame.

## ADJUSTABLE ANGLES (Angles Only)

Single set \$150.00  
(includes 9 angles)

Dual set \$195.00  
(includes 12 angles)

Triple set \$240.00  
(includes 15 angle)

Angles by piece \$17.00/ea.

Sleeves \$ 5.00 / ea.

### Awning Angle

90° Corner  
Angle  
\$10.00

# Profile Tent

Easily set up, compact enough to put on the pack horse, throw in the trunk, or on the 4-wheeler. Sleeps 4-5. Measures 8'W x 10'L x 7'H. Side window height 5'. Made of 10 oz treated Army Duck. It is treated, water repellent and mildew resistant. Heavy duty vinyl floor. #10 coil zippers. Heavy duty window screens. Heavy duty aluminum poles. 1/4" oiled manila rope. Stakes and tent bag included. weight 40 lbs.

**\$589.00**

The Range Tipi or Cowboy Tipi, as some call it, is one of the easiest types of tents to use. The Range Tipi may be set up with a center pole or an external two pole set or one can just throw a rope over a limb, stake it out, and you have shelter. The Range Tipi includes a single door flap secured with a #10 coil zipper in an "L" shape, a one foot wall, guy ropes, and a tent bag.

**LOW  
PRICES**

**12.98 AD--** Army Duck, 100% natural cotton duck an excellent grade of canvas, repels water naturally.

**10.10 ADT –** Army Duck Treated - water repellant and mildew resistant.

**7 oz. Poly/cotton-** 60% cotton 40% polyester. Washable , can be treated for water repellency, and painted.

Our quality constructed tipi is made of a top grade 12.98 army duck medium weight canvas suitable for all weather conditions and durability. Seams are overlapped and have double row lock-stitch seams. The smoke flap pole pockets are double reinforced. Lacing pins for the front and 145' manila rope are included with the tipi. Life expectancy should be 3-10 years dependant on use. The canvas can be painted with your own design if you wish. Poles, liner, door, stakes, and tipi canvas are all priced separately. A book of 'The Indian Tipi' is included with tipi canvas.

**Stakes** -10" Nail Stakes \$ 9.00/pkg of 10  
 18" Hvy Stakes \$1.00/ea  
 Large stakes 18"- 24" \$4.95 ea.

**Liner-7oz poly/cotton** A tipi without a liner is merely a chimney with lots of draft. A liner makes a tipi livable. The liner seals the bottom from drafts. It also acts as a privacy curtain at night. Without the liner a shadow will appear on the outside. One hundred-sixty foot of rope is included with the liner for peg loops, tie strings, and for hanging the liner.

**Door-** rectangular shaped with 3 dowels inserted made of 14.73 oz canvas.

**Poles-** Lodge pine poles need to be approximately 1/3 longer than the size of the diameter of the tipi. Call for prices and availability. (Shipment by truck only.)

### An excellent Reference Guide for Tipi's.

**The Indian Tipi Its History, Construction, and Use** \$24.95  
 Reginald & Gladys Laubin

Paper Back \$24.95

Put one of our awnings on a tent or between two tents and you've got a nice porch that can be used for storage out of the weather, or for cooking with a nice air flow.  
 (Frame work not included with price.)

### Canvas Awning

The awning overlaps the tent 1' (no walls)

- 8'x9' (fits 8'x10' tent) \$163.00
